Re: Little Park Water Company; Docket No. W-02192A-07-0326; Requested Area Clarification

Dear Judge Kinsey:

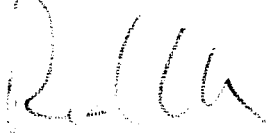

Based on my discussions with the Staff this morning, I fear I may have caused some confusion regarding the legal description of the area requested in the subject docket.

The Developer's engineer provided a legal description of the Residential Parcel that was included in this Application. Staff's Engineering Division pointed that there was an error in that legal description. We requested that the Developer obtain a corrected legal, and we docketed that on July 30, 2007. Unfortunately, my pleading requested that the revised description for the Residential Parcel be substituted for the original legal description which included both the School Parcel and the Residential Parcel. Staff's legal description, as contained in Exhibit A-2 in evidence, did exactly that and we failed to note the omission of the School Parcel. Our intent was to merely substitute the erroneous Residential Parcel without change to the School Parcel.

As evidenced by Mr. Gudovic's testimony at the hearing, it is clearly the Company's intent, and the Developers desire, to serve both the 72.769 acre School Parcel and the 78.790 acre Residential Parcel. We would appreciate your including both Parcels in your consideration.

I apologize for any confusion I may have caused. In the event you have any questions regarding this matter, please do not hesitate to contact the undersigned.

Sincerely,
